

Kangaroo tv™

How to Use Kangaroo TV

Power: To turn the device on press the **green power button** on the lower left hand side

Main Features

Video: Press the Video button to access all video channels including driver onboard cameras.

Stats: Press the Stats button to access live timing, including sector times, gap times and lap times, race control and head to head battle information.

Audio: Press the Audio button to select preferred commentary. (*Please note BBC 5Live broadcast only goes live shortly before each F1 session.)

Home: Press the home button to return back to the home screen. (*schedule, weather, team info, driver info and season standings are only accessible from the home page.)

Personalise your experience: The Kangaroo TV will prompt you to select your favorite driver when it is first turned on. Press the 'Home' button and select 'Settings' to access this feature yourself.

Eye Button: Provides a split view with timing statistics and live video on one screen. (*located to the right of the arrow key pad.)

Back Button: Located to the left of the arrow key pad. This button allows you to go back to the previous screen.

Instant Replay: Two arrow buttons located directly below the key function buttons (video, stats, audio, home) provide a 15 or 30 second instant replay on demand.

Audio jack: The audio outlet for earphones is located on the right hand side of the unit.

Volume: Audio volume control is located on the left hand side of the unit.

Enjoy using your Kangaroo.

Best Regards,
Global Grand Prix and the Kangaroo Team
